Child Conversion

As Salvationists we heartily believe in child conversion, and seek by all possible means to bring this about in the case of every child we have to do with.

We have many encouragements for this. The Bible is with us, how many incidents are recorded in its biographies showing the outcome of all early bent, to say nothing of its many exhortations to parents in the direction of training.

The Master Himself, Jesus Christ, when on earth showed the fullest sympathy with the child heart.

The importance of seeing the young cannot be overestimated. Prevention is better than cure. It has been said, 'Save an adult and you save a unit, save a child and you save a whole multiplication table.'

Seeing a youth from sin, not only means salvation for the present but setting young lives to work for God in saving others; making them into fighters for God.
