

Christies Beach Cottage

1976 – c. 1985

Details

Christies Beach Cottage Home was opened by the Adelaide Central Methodist Mission in Christies Beach in 1976. In the mid to late 1970s, as a response to the government's push to close large congregate care institutions and replace them with smaller group care, the Methodist Church closed Lentara and established a number of Cottage Homes in suburban areas. The cottages were able to provide more specialised care. Christies Beach Cottage closed in the mid 1980s.
