## Details

---

Clarendon Children's Home Inc, established in 2006, is a successor organisation to Clarendon Children's Home and is managed by a governing Board. In 2014, it uses funds from the sale of the Home for grants to agencies that carry out early intervention work with children and their families. Clarendon Children holds the records of Clarendon Children's Home, the Home of Mercy and Roland Boys' Home.

In 2004, the Managers of the Clarendon Children's Home identified an increasing need for programs to support families so that their children did not have to go into care. This led the Managers to close the Home and put the proceeds in a trust fund. Clarendon Children's Home Inc. draws on that fund for the grants that it gives to agencies carrying out early intervention work with children and their families.
